TOWN WARRANT

State of New Hampshire

To the Inhabitants of the Town of Bath qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said town on the second Tuesday of March next at ten o'clock in the forenoon to act upon the following subjects:

Article 1 To choose a town clerk, one selectman for three years, one selectman for one year, one trustee of trust funds for three years, one library trustee for three years, a town treasurer, auditor, one or more highway agents and all the other necessary town officers and agents for the ensuing year.

Article 2 To hear the reports of officers and agents heretofore chosen and pass any vote relating thereto.

Article 3 To see how much money the town will vote to raise and appropriate for town officers' salaries and expenses, for the repair, maintenance and construction of highways and bridges, for the support of the town library; for the support of the town poor; for the observance of Memorial and Old Home Day, and for all other necessary town charges and expenses for the ensuing year.

Article 4 To see what action the town will take in regard to securing state aid for its highways and to raise and appropriate such sums of money as may be necessary for that purpose.

Article 5 To see if the town will vote to raise and appropriate the sum of three hundred dollars for the control of White Pine Blister Rust.

Article 6 To see if the town will authorize the selectmen to distribute the inventory blanks at the time they examine the taxable property.

Article 7 To see if the town will authorize the

selectmen to administer or dispose of any real estate acquired by the town through tax collector's deeds.

Article 8 To see how much money the town will vote to raise for a fence around the Village Cemetery.

Article 9 To see if the town will vote to discontinue, subject to gates and bars, the road beyond the Adolphus Greenwood farm buildings.

Article 10 To see if the town will vote to discontinue the winter road through the Raymond D. Hill and C. P. Chamberlain property.

Article 11 To see if the town will vote to discontinue, subject to gates and bars, the road from the Wm. A. Woods buildings to the Lyman town line.

Article 12 To see if the town will vote to discontinue, subject to gates and bars, the road from the Amos Wheeler buildings to the intersection with the road from the Wm. A. Woods buildings to the Lyman town line.

Article 13 To see if the town will authorize the selectmen to make necessary repairs on the buildings at Swiftwater owned by the town under tax deed; and how much money they will appropriate for same.

Article 14 To see what action the town will take in regard to selling the B. W. Clark lot.

Article 15 To see what action the town will take in regard to throwing up that section of highway commencing at the residence now occupied by George Bedard and leading westerly to a large oak tree that stands easterly of the entrance to land occupied by A. E. Houston on the north and by George Brown on the south.

Article 16 To see what action the town will take to authorize the selectmen to borrow money in anticipation of taxes.

Article 17 To see if the town will authorize the selectmen to lay a cement floor in the town building basement, to replace the sills if necessary and to make

suitable doors in the end so the basement can be used for storage purposes and make suitable appropriations for same.

Article 18 To see what action the town will take in regard to buying a fire pump at an expense of about eight hundred dollars.

Article 19 To see if the town will vote to discontinue certain portions of the town highway known as the Dartmouth College trunk line between Bath and Lisbon, the use of such portions of highway being no longer required by reason of the relocation of said highway in the course of reconstruction of same; and to authorize the selectmen to petition the Superior Court for its consent to such discontinuance if such procedure is necessary, and to do all other things necessary in connection therewith.

Article 20 To see what action the town will take in regard to building a new bridge over the Child's Brook near Henry Poor's house and accepting from the State one half the cost of same.

Article 21 To transact any other business that may legally come before said meeting.

Given under our hand and seal this 17th day of February, A. D. 1933.

ELWOOD J. ROSS,
MINOT W. WOODS,
JAMES N. SOUTHARD,
Selectmen of Bath, N. H.

A true copy. Attest—
James N. Southard.

REPORT OF THE SELECTMEN

To the Citizens and Taxpayers of Bath:

We submit our report for the year ending January 31st, 1933. We have been able to reduce the average tax rate from $2.67 in 1931 to $2.34 in 1932, reduced the valuation some $75,000. and added to the town property. We have been able to do this owing to lesser appropriations, only one storm causing unusual damage, keeping out of law suits and by revenue furnished by the two town trucks which earned a clear profit, except depreciation of $818.24, paid to the town in cash by the State and $431.37 net, saved to all the taxpayers for work on town roads

Due to act of the last Legislature we have got to take some action in regard to Article 7 in the town warrant.

The town is out of debt, no notes out, and has a small surplus.

Respectfully submitted,
ELWOOD J. ROSS,
MINOT W. WOODS,
JAMES N. SOUTHARD,
Selectmen of Bath

BUDGET FOR 1933

Estimates of expenditures for the ensuing year, 1933, compared with actual expenditures of the previous year.

	$103 00

Detail 19 Town Poor:

Never in the history of the town has such a large amount of work and money been called for as in the past year for the town and county poor. The lack of employment has been the cause of the greatest number of relief cases. The welfare, Red Cross, and Woodsville Rotary club have given generous assistance.

E. J. ROSS, Overseer of the Poor.

Total circulation for current year		4,470

In September a new book-case was added, which relieved the congestion of books somewhat.

A little later the library was thoroughly cleaned, then all the wood-work was varnished, including chairs, table, book-cases and floors, which improved the looks of things very much, and was certainly money well spent.

BESSIE F. RANDALL, Librarian.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of the Bath Town School District:

I herewith present my third annual report as superintendent of schools.

For the year 1931-1932 the total enrollment was 85; the per cent of attendance, 96.04; pupils neither absent nor tardy, 10; cases of tardiness, 54; school visits by board members, 9; by superintendent, 84; by citizens, 202. In addition to those in the town schools the district paid tuition for 11 elementary and 28 high school pupils who attended outside schools.

The ten on the roll of honor were Donard Carr, Phoebe Ricker, Grace Thayer, Elsie Young, Isabelle Young, Hazel Aldrich, Etta Hooker, Irvena Silver, Wendell Silver, Barbara Church.

Eight pupils were promoted in June from the eighth grade to the high school: Charles Arsenault, William Austin, Roberta Smith, Elsie Young, Limay Bedard, Wendell, Silver, Denzil Mitchell, Joseph Lemarre.

This present year 78 pupils have been enrolled. The teachers and number of pupils are as follows: Swiftwater, Mrs. Elizabeth Hooper, 28; Nutter, Mrs. Avis Lemieux, 16; Pettyboro, Mrs. Velma R. Chandler, 17; Carbee, Miss Edith M. Stevens, 17. There are also 9 elementary and 32 high school pupils registered in schools outside the district.

It is interesting to note that the per cent of attendance, 96.04, was better than the average for the whole state which was 95.38. The drop in the number of cases of tardiness from 156 in 1930-1931 to 54 last year deserves favorable comment. The cooperation and interest of parents are vital factor in matters of attendance and quality of school work. Where parents make the children feel that the school is to be taken

seriously better results are obtained. The excellent showing made last June by the pupils of the Bath Town schools in the standard tests bears out this statement.

This year again the district owes thanks to a number of citizens who helped in the grading of the Swiftwater and Nutter school grounds. Thanks are also due to Miss Nutter and the others who gave the table and chairs to the Nutter school.

Respectfully submitted,

EDWARD A. JANES.

BUDGET FOR 1933-1934

Bath Town School District

School Board's statement of amounts required to support public schools and meet other statutory obligations of the district for the fiscal year beginning July 1, 1933.

MARION M. CHILD, Treasurer.

Have examined the above figures and found them correct.

ROGER A. REED, Auditor.

July 14, 1932.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of the Bath Union School District:

I herewith present my third annual report as superintendent of schools.

The records for 1931-1932 show the following figures: Total enrollment 98; per cent of attendance 92.47; cases of tardiness 102; tuition paying pupils in elementary school 6, in high school 20; school visits

made by board members 17; by superintendent 84; by citizens 73.

Roll of honor for perfect attendance: Blanche Estes, Zellena Young, Roscoe Young, Allen Aldrich, Viola Young, Doris Austin, Hazel Dunlap, Roger Estes.

Promoted in June from the eighth grade to the high school: Dexter Campbell, Carline Carey, Irmah McCoy.

This present year the enrollment has been 90; in the elementary grades, 53; in the high school, 37. There are four teachers, Ernest O. Pederson, Mrs. Ellen S. Chase, high school; Meredith E. Sisco, grades V-VIII; Margaret Powers, grades I-IV. Lottie M. B. Underhill, school nurse.

As every effort is being made by the board this year to keep down school expenses, cooperation upon the part of the parents is most urgently needed. Children need sympathy and encouragement at home as well as at school. Every absence is a loss to the child and a financial loss to the town. Children often lose time as a result of irregular hours for sleep, uncleanliness, and foods not simple enough. These are matters dependent entirely upon the home and responsible for many school problems.

For information regarding the high school I would call your attention to Mr. Pederson's report, which follows this one.

Respectfully submitted,

EDWARD A. JANES

REPORT OF THE HEADMASTER

To Superintendent Edward A. Janes:

I herewith submit my second annual report as Headmaster of the Bath High School.

Registration

The total registration for the High School ending June 1932 was 38 pupils, 20 boys and 18 girls. 7 pupils left during the year, 6 boys and 1 girl, thus leaving the total nmber of pupils finishing in June, 31 pupils. Table I gives the registration in full.

School opened September 6 with a total enrollment of 37, 19 boys and 18 girls, indicated by classes in Table I. To date, 4 pupils have left in the current year making a total of 33 pupils now enrolled. One non-member of the above was a transfer. These statistics will be found in Table I. It is interesting to note the decrease of one pupils in the registration of 1932 in comparison with that of 1931 when most of our high schools in the state have reported a marked increase in registration this year.

The registration of the Freshman class for the school year 1932-1933 is as follows: Swiftwater 5; Bath grammar 3; Nutter district 1; Pettyboro 1, and Melrose, Mass., 1, a total of 11 pupils, 6 boys and 5 girls.

7 pupils graduated in June 1932. Table II gives a report of the activities of the members of this class

since graduation. It will be seen from this table that 57 per cent of the class entered institutions of higher learning, which shows that the majority is desirous of furthering their education beyond the high school years.

The number of tuition pupils registered for 1932-1933 is 22; 11 from Swiftwater; 8 from Bath town, 1 from Benton, and 2 from Pettyboro. 3 of the four pupils leaving school in the current year were tuition pupils thus we have at present a remainder of 19 registered as tuition pupils.

Organization

For the school year 1932-1933 the organization of the school program is as follows: For the Fall term the hours were from 9 a. m. to 12 m. and from 1 p. m. to 4 p. m. For the Winter term the hours are changed to 9 a. m. to 11:50 a. m. and 12:45 to 3:30 p. m. The Spring term will follow the same time schedule as was used for the Fall term. The Fall and Spring term programs provide for 15 minute recess periods in both sessions, whereas, the Winter schedule allows only 5 minutes for rest periods.

The first 5 minutes in the morning session of each day is utilized for opening exercises consisting of singing selected songs, and for reports on current events.

Assemblies

The school holds one assembly period per week during the last period from 2:50 to 3:30 p. m. by the winter schedule and from 3:20 to 4 p. m. when following the Fall and Spring program. The idea of having classes take turns in developing general assemblies has been followed this year and the result has been very satisfactory. The programs for some of the assemblies have been made up of talks by men and women of the different professions and business world. These talks have been interesting and, I believe, have created an interest on the part of the student body. The following

program will give an idea as to the type of program used in our assemblies: Mr. Hascal Stimson, Ass't Treasurer of Lisbon Bank, "Banks and Banking;" Mr. Amos T. Blandin, "Taxation"; Dr. Ann Minot, Vanderbilt University, "Chemistry and Its Practical Applications" and in a second talk "Life in the Hills of Tennessee"; Superintendent Edward A. Janes, "Educational Movies on the Life of Washington"; Amos T. Blandin, "The Character of Washington"; Rev. Oscar M. Polhemus of Woodsville, "Illustrated Talk on the World War and its After-effects." Tentative arrangements are talks by Rev. Ben Smith on "Character" and Mr. Wendell Smith, State of Vermont Ornithologist, in a talk on Biology subject matter.

My objective is to design a program whereby the school can hold three assemblies per week, Wednesday for boys, Thursday for girls and Friday the general assembly including the entire school. I would then desire to have the assemblies on Wednesday and Thursday be under my personal direction and design them to create an interest on the part of the students in the different vocations. Thus, having the general assembly be entirely a student body endeavor. At frequent intervals it has been the custom to permit the High School Athletic Association to use an assembly period.

Music

In the morning exercises the school sings selections from the song book entitled "101 Best Songs". The assembly periods are opened and closed by singing selections from the above mentioned book. I am pleased with the response shown on the part of the pupils in singing. It would, however, be helpful to have a good piano and in these times I am sure that a suitable one could be purchased at a very reasonable price. This point deserves consideration. It is my desire to choose a member of the Union School Faculty as director of music at the school. Thus it may be possible to organize

a glee club at a later date. This is an objective for which to work, but without a better piano at present the objective must wait its turn.

Condition of Building and Remarks

The general upkeep of the building is good. The plan of having a regular janitor for the school is very satisfactory. The small jobs are being regularly taken care of before they become big jobs involving expense.

I still recommend a drinking fountain in the corridor and an enlarged and more modern lavatory in the boys' basement. This suggestion must eventually be carried out and it would be wise to consider the human welfare of the school in its regard.

I recommend one or both of the wing ends on the upper floor of the school be turned into library sections. There are a number of books valuable for collateral reading in the school and proper access to these in a special room on open shelves would be an inducement for voluntary reference reading.

To my mind, the old doors to the rooms downstairs could be replaced by doors with glass, thus providing teachers with the opportunity of supervising the hall at all times.

Athletics

The school's major sports are basketball and baseball. The minor sports are touch football, tennis and winter sports.

Both girls' and boys' basketball teams were provided with new suits at the beginning of the season and the direct result has been more aspirants for the sport. Last year's basketball season recorded itself as being a successful one both in games played and financially. The present basketball season is still underway. The teamwork shown by both girls' and boys' teams has easily been observed and the good spirit in which they take defeats is admirable.

I am interested in promoting winter sports in the

school. Last year a successful introduction of the activity was made with the result that participation at present is in a second Bath Winter Carnival, a feature of which will be the Interscholastic events.

Volleyball will be introduced as an activity for girls in the spring term.

Aside from learning the true sense of sportsmanship, the mission of sports in our school is to maintain the good organic health, posture, stamina and muscular coordination, and attempt to improve the health and physical powers of pupils who enter. It should be the primary obligation of each pupil to preserve, perfect, and improve himself as a human being, physically, morally and mentally.

The activities of the Athletic Association are partly financed by social functions given through the high efficiency of Mrs. Chase, head of English department. The school owes her due credit for her cooperative services.

Social Functions

On April 29th the Juniors under the direction of Mrs. Pederson staged a two-act play entitled "Polly Wants a Cracker". This was followed by two other plays coached by Mrs. Chase. The first on May 14th by the Freshmen, "Be a Little Cuckoo", a one-act play; the second on May 27th by the Seniors, "Jerry", also a one-act play.

Hallowe'en night the seniors held a Masquerade Ball. At a later date the Juniors gave a unique affair which was called a Poverty Ball.

All social activities have been well supported by townspeople and the school appreciates their support.

Comments

I want to thank the parents and interested citizens of Bath in being so cooperative with teachers. Without cooperation between parents and teachers, it is very difficult to solve certain school problems, for the good

of the pupil and the school. Those parents who have not yet visited the school, should make it their duty to do so.

Teachers' meetings are held at regular intervals.

The Bath Union Spirit, the school's year book, will be published in the Spring. The staff will plan the book and all other members of the school will act as helpers for the publication.

The driveway to the school was improved last spring when gravel taken from an opposite embankment was put on it. This was a marked improvement.

The academic achievements of the entire student body is of high order. The deportment is worthy of praise. All pupils conduct themselves with a high degree of politeness and courtesy, toward each other and their teachers. I am convinced that they have grasped the common ideals of good citizenship. Bath is fortunate to have such a fine group of boys and girls, and I find it a pleasant atmosphere in which to work.

I have been conscious of a highly professional purpose, and a spirit of good will and cooperation upon the part of all members of the school board and Superintendent Janes.

Respectfully submitted,
ERNEST O. PEDERSON, Headmaster.
